

VIGNETTE

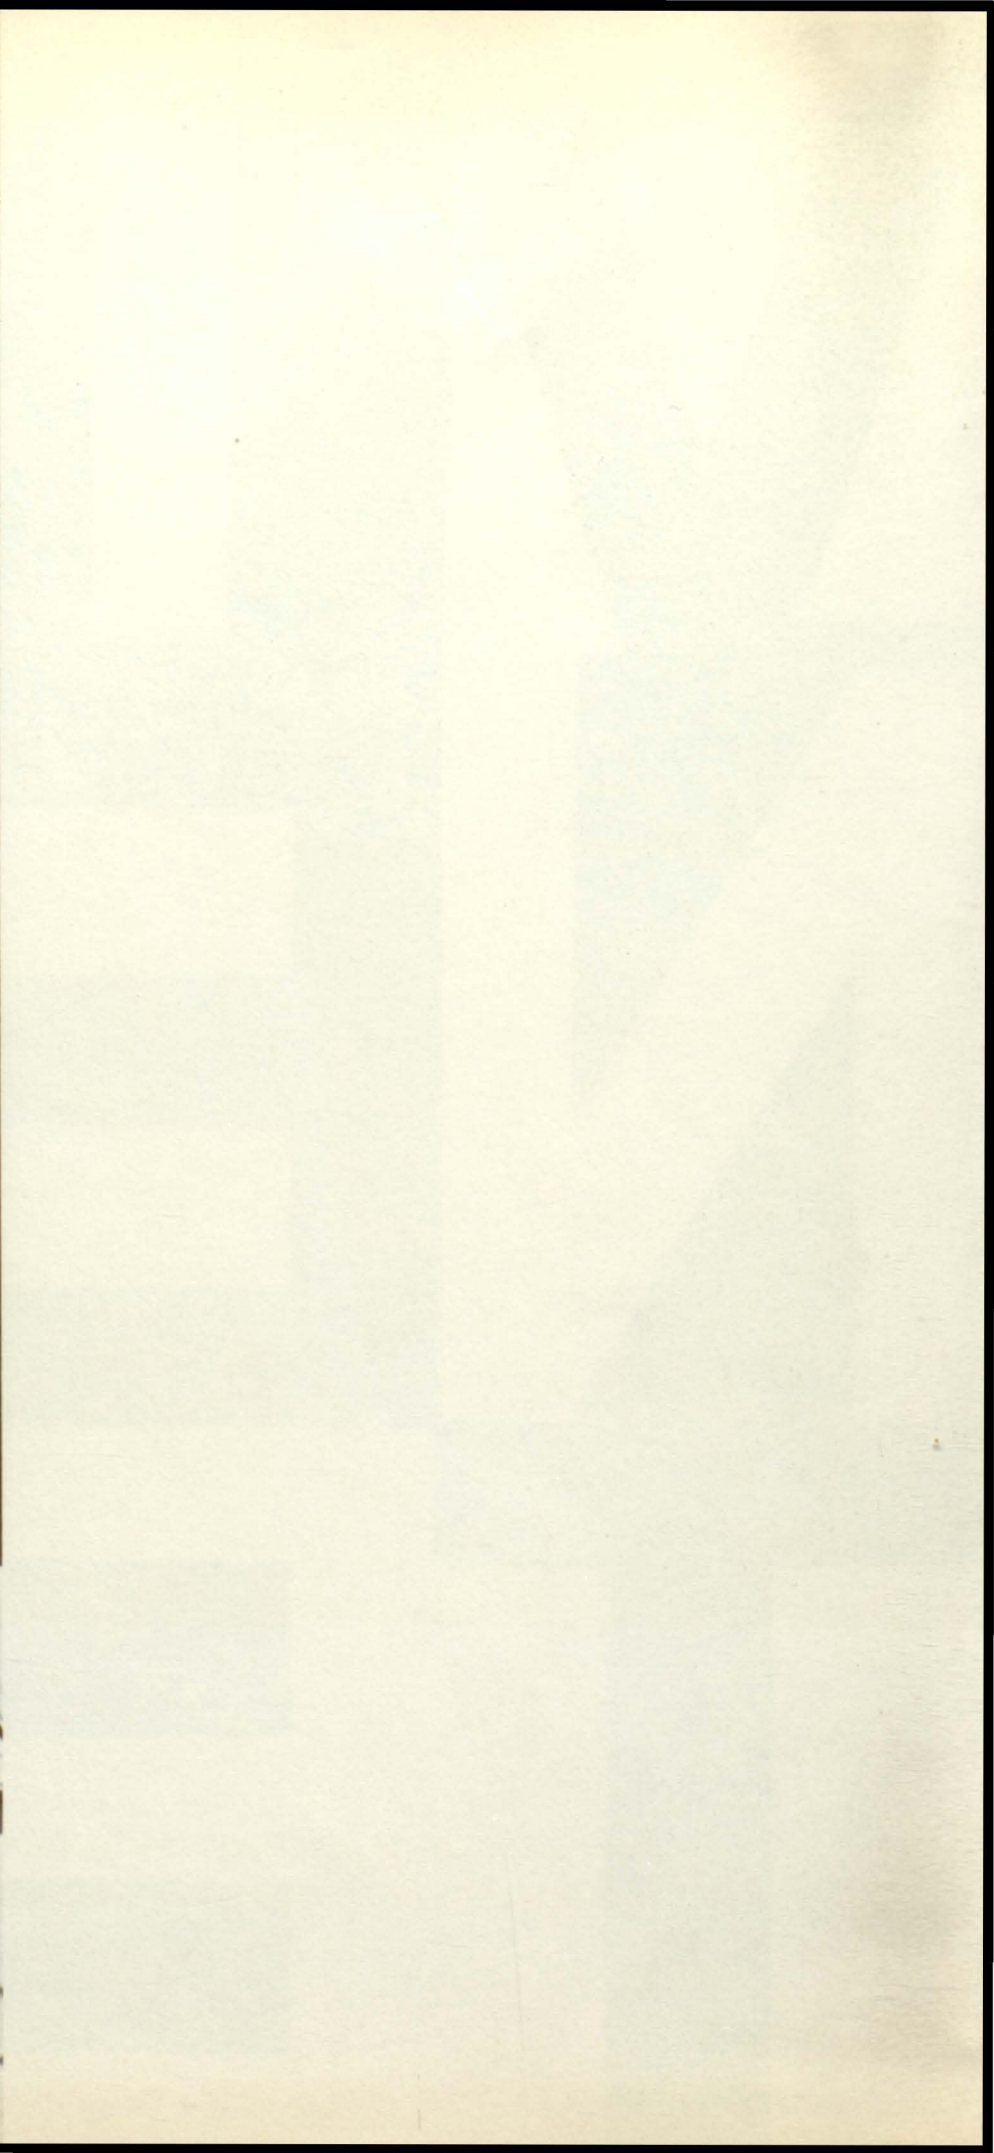

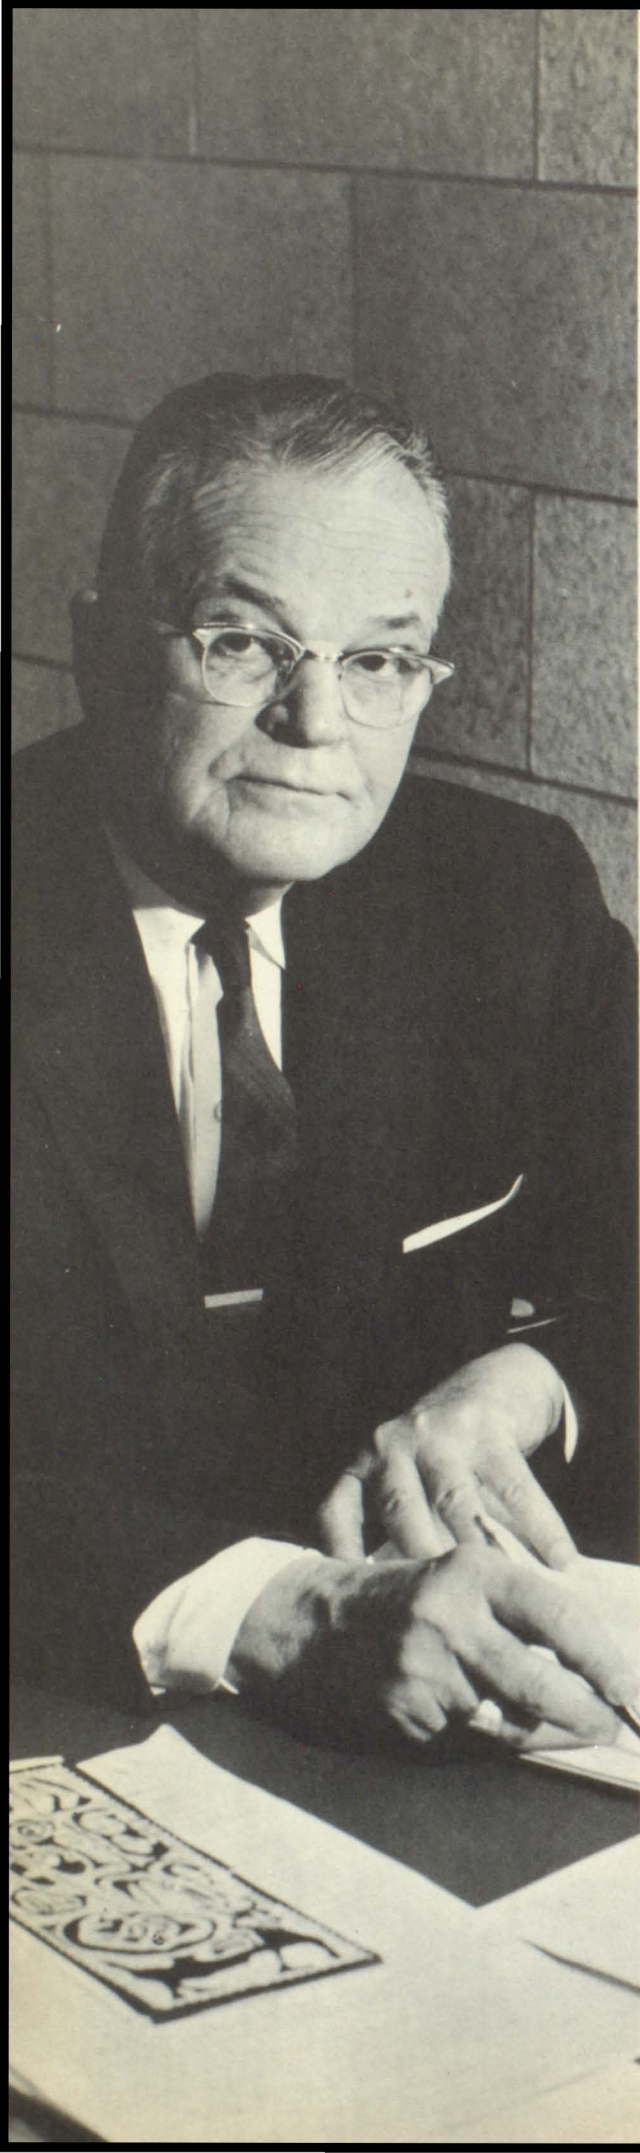

ARTS HIGH SCHOOL
CLASS OF 1963

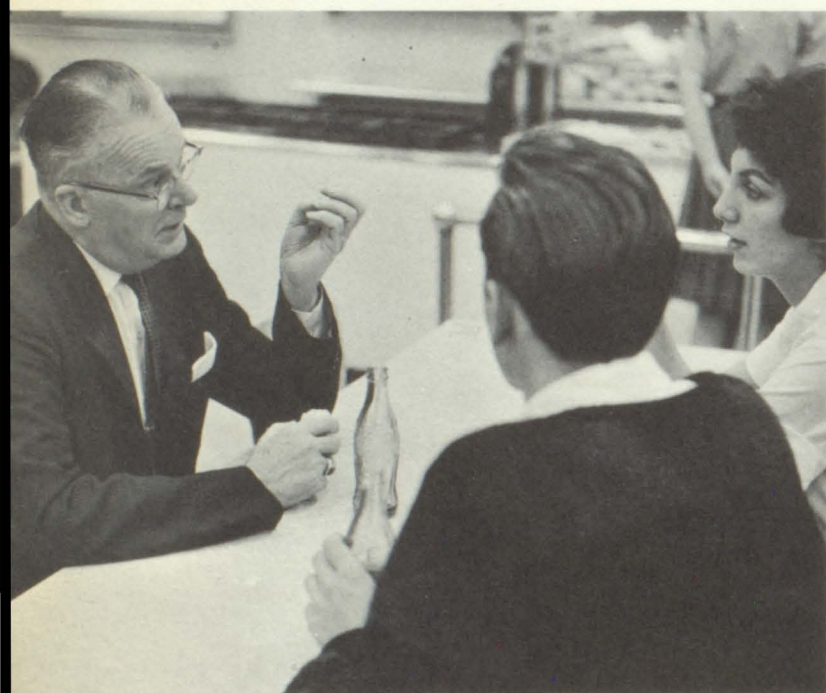

Annual Publication
of the Senior Class
of Arts High School
Newark, New Jersey

A wise man is strong; yea a man of knowledge increaseth in strength. – Proverbs, XXIV, 5

The 1963 VIGNETTE is dedicated to Dr. Frederick C. Seamster, who is retiring after having served as principal of Arts High School since April, 1949. Over the years, Dr. Seamster has looked to the welfare of his students with complete selflessness. Seniors especially appreciate his deep concern for the student body after they have benefited from his professional assistance in solving college entrance and career-planning problems. Those of us who have brought him our problems, both academic and personal, will sorely miss the counsel of the tall, soft-spoken, grey-haired man who has helped to guide us through a crucial period in our lives.

In preparing for his career, Dr. Seamster received a B.A. from Colorado State College, an M.A. from the University of Colorado, and his Ph.D. from Yale University. His understanding of young people has grown from long years of teaching and administrative experience. Dr. Seamster served as both teacher and principal in various elementary and junior high schools in Missouri and Colorado. Later, he spent two years as Professor of Education and Director of Training Schools at South Dakota State College. Dr. Seamster also taught at Yale and was a member of the State Department of Education at Jefferson City, Missouri. He has worked in Newark for the past nineteen years as Personnel Director and Principal of Arts High School.

There are few students who do not, at some time during their high school careers, learn to appreciate Dr. Seamster. His staunch, persevering character is a unique one. His kindly patience and strong sense of responsibility to others have made him, in the eyes of thousands of students, a great leader. The "Good Doctor", as he is affectionately called, has dedicated his life to the educational development of young people in a manner akin to a clergyman's dedicating his life to the spiritual development of his congregation.

It is with the deepest respect and admiration that the Class of 1963, on behalf of all of Arts High — both present students and alumni — extends to Dr. Seamster a most profound "Thank you".

Mrs. Beatrice Geller
B.A., M.A.
Vice-Principal

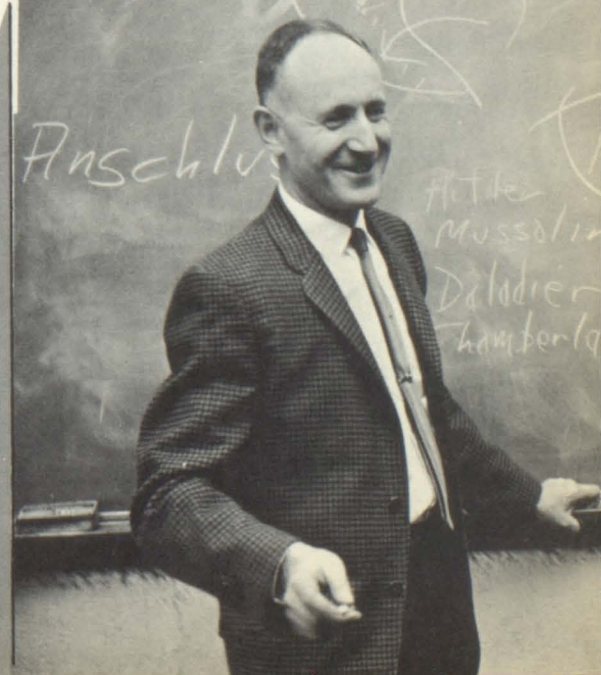

Mrs. Geller, our competent and gracious vice-principal, has always advised us wisely. Her wholehearted interest in the students is evident by her participation in and concern for all phases of school life. She performs her duties with sincerity and thoroughness and has provided us with the proper guidance and assistance that is so necessary for the growing minds of youth. As a result, Mrs. Geller has gained our confidence and won our admiration and respect.

Miss Alice Keehner
B.S., M.A. — English

Miss Alice Keehner has been teaching at Arts High for many years. She is a delightful and charming lady whose ready smile and quick wit have won her the admiration of all who know her. A dedicated teacher with a warm vibrant personality she has shared with her classes her enthusiasm for Shakespeare and the theatre and has tried to instill in her students a love of English by emphasizing the human aspects of literature. Many times members of her classes have been her guests at Broadway and off-Broadway plays. She has always taken a personal interest in her students, and has helped many of them reach their goals.

A native of Newark, Miss Keehner attended Barringer High School and she is an alumna of the Newark Normal School and Washington Square College of New York University. She has traveled extensively in Europe, South America, Scandanavia, Canada, and the United States, and hopes someday to visit Egypt. Besides travel and the theatre, she is also interested in art, music, and world affairs.

When she retires, we will be losing a precious member of our faculty. To us — she has given of herself fully in time, friendship, and devotion. To her — we can give only our appreciation and our love.

"And what has your Highness done? And will your Highness promise never to do it again?"

"I am the great Mikado"

The Mikado

"Even if you only succeeded in cutting your head half off, that would be something."

Early each year the Art Department and the Music Department begin to prepare for our annual opera. Last year's production was The Mikado by Gilbert and Sullivan. The opera is about Nanki-Poo who has fled from the court of his father, the Mikado of Japan, to escape marriage with the elderly lady, Katisha. Disguised as a musician, he falls in love with the fair maiden, Yum-Yum; but he has been prevented from marrying her by her guardian, Ko-Ko, who wishes to marry her himself. Ko-Ko, however, has been condemned to death for flirting. Nanki-Poo hastens to the court of Ko-Ko in Titipu to find out whether Yum-Yum is now free to marry him and at the end of the opera he does marry her.

Pooh! Bah!

"I've got a little list . . . And they'll none of them be missed."

"What's your trouble?"

"Three little maids from school are we."

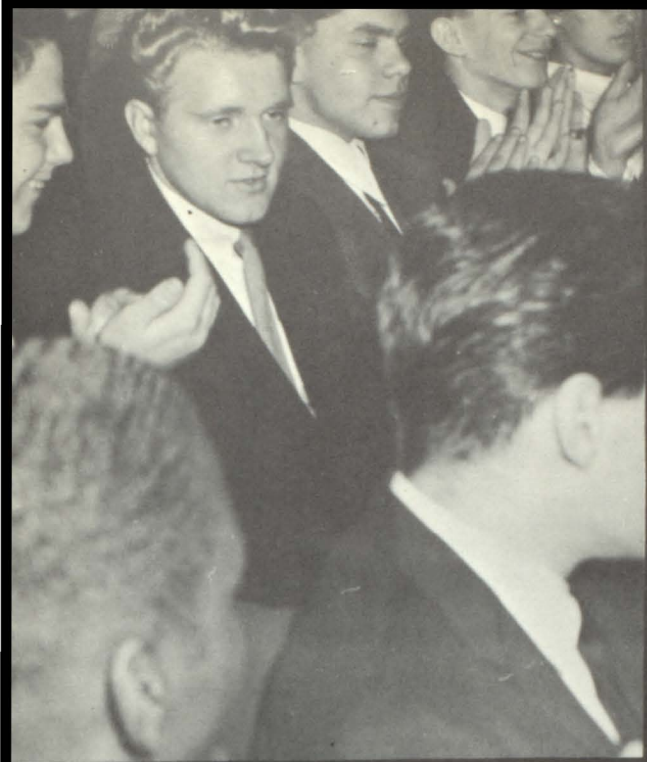

"Oh fool, that flees my hallowed joys!"

SENIOR ADVISOR

Milton Knobler
B.S., M.A. — Art

Since 1955, when Mr. Knobler first came here, he has shown an avid interest in Arts and its activities. Our genial class advisor is the type of teacher everyone enjoys. He has never been too busy to see a member of the Senior Class, and has worked diligently with the Class of '63 in planning events that will long be well remembered by all the Seniors. His jovial attitude and his quick-wittedness put students at ease immediately. These characteristics allow him to create a comfortable atmosphere which inspires both his art classes and

his homeroom group to do their best work. For years Mr. Knobler has been coach of the Swimming Team, which has had a record anyone would be proud of. Aside from these many activities he is an accomplished commercial artist; yet, he never lets his outside work interfere with an important event on the school calendar. His presence is usually made known at these events by the sound of laughter heard in response to his ready wit. His good-natured humor, ready cooperation, and seriousness of purpose along with his "parental" advice have made him a popular teacher who has been an inspiration to everyone.

Bette Lazar
B.S., M.A. — Secretarial

Mrs. Lazar, noted for her red hair and lovely clothes, will always be remembered for her friendly and understanding manner. Her warm personality and charm have won her the respect of both the students and the faculty. Many people confide in Mrs. Lazar because she is such a sympathetic listener and always seems to lighten their burdens. Her teaching methods have inspired many students to utilize their typing and steno skills in the business world. As the Typing Club advisor she spends extra time helping those people interested in improving their skills. During her vacations Mrs. Lazar has spent her time traveling throughout Europe enriching herself so that she is able to add spice to her classes. When she is not traveling or busy with her family, Mrs. Lazar indulges in her favorite pastimes which include cooking, entertaining and music appreciation. Mrs. Lazar's variety of personal interests, as well as her sincere interest in others, combine to make her a truly all-around wonderful person.

Lucille Hiller, B.S.
Home Economics

Although Mrs. Hiller seems conservative and sedate, she is really a fun-loving person with a sunny personality. She enjoys hiking, mountain climbing, and traveling and has visited almost every state in the union. Her enthusiastic personality and her wide range of experiences have made her a friend and confidante to all those who have sought her advice. She makes an honest effort to help students to do their best scholastically. Besides carrying a full teaching load, she devotes much of her time to advising the Red Cross, the Sewing Club, and the Color Guard. We will always remember Mrs. Hiller for her firmness and efficiency and for her ready wit and quick sense of humor which brightened her classes.

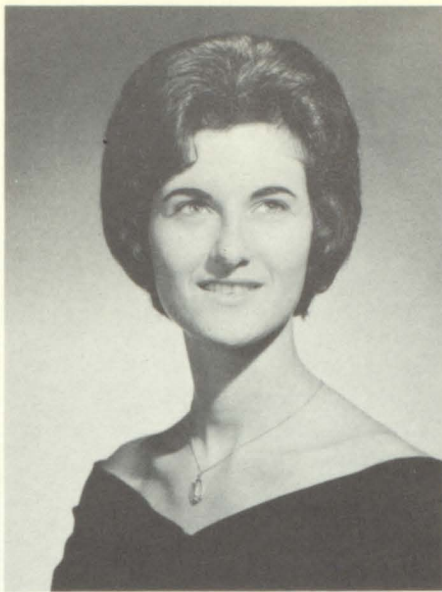

Elizabeth R. Stiller
B.S., M.A. — Art

Mrs. Stiller is a person devoted to her work and to her students. Always willing to help her students whenever she can, she radiates a warmth and understanding to all those who know her. She can be firm when the occasion calls for it but most of the time she is gay and cheerful. As her students put it "She's one of the crowd." She can usually be found in Room B-B leaning over a kiln removing her students unusual creations. A charming and witty person she has enlivened her homeroom with her keen sense of humor. All who know her feel her sincerity and through the years she will always serve as an inspiration to her students.

Victor Thomas
B.A., M.A. — Science

Mr. Thomas has been a member of our Science Department for four years. During that time the legend of his jocular teaching manner in his biology and physics classes has spread throughout the school. Although he has an extremely busy schedule he always finds time to participate in school activities. He has come to every function sponsored by the class of '63, as well as to many of those sponsored by the underclassmen. Coaching the Track Team has also taken up many hours of his time. Mr. Thomas's attitude towards his work and his students make him a fine example of a well-rounded teacher and a responsible individual.

"Okay boys, let's get in the game."

The members of the Baseball Team under the direction of Coach Lang closed the season with a record of 7 wins, 9 losses and 1 tie. The highlight of the season came on May 9, 1962 at Vailsburg High. At that game, Arts was victorious over Irvington Tech. with a score of 6-0. This was the first no-hitter thrown by the star pitcher, Ritchie Nebioli. Despite the fact that this was not one of its best seasons, Arts had some memorable moments. During the early weeks of spring practice, it was so cold that the boys were forced to wear two pairs of gloves to protect their hands from frostbite. At the close of the season they had the wonderful experience of being in the finals of the Tech League Tournament.

Basketball Team

This year our basketball team has enjoyed its most successful season since 1957 as it compiled a record of 12 wins and eight losses during the regular season. The team entered the State Tournament and was successful in defeating Belvidere High 51-35, but then lost to Mountain High School (last year's state champions in Group II) at Seton Hall University 64-42. Captain Ken Miller was named to the "Newark Star Ledger" All-City Team and emerged as the leading scorer for the team. Although the loss of seniors Tom Washington and Joe Towe from the starting five will be a blow to the team for next year, Coach Voller is optimistic. Ken Miller, Ron Strothers, Douglas Randolph will be returning and together with such capable reserves as Joe Evans, Ed Kennedy, and Tyrone Howell next year's team should be a good group.

Coach Voller was particularly pleased with the hustle, determination, and team spirit that prevailed throughout the 1962-1963 season. He was quoted as saying, "This is the scrappiest group of boys I have coached since I have been at Arts High".

All eyes on the ball.

The Faculty-Varsity Game and Dance is held annually at Broadway Jr. High under the sponsorship of the Varsity Club. The event officially begins with the traditional "antics" of the faculty. This year Mr. Thomas's script for the evening's proceedings accounted for most of the laughs. As usual, the teachers sported their shorts, sweatshirts, sneakers and drooping socks. But once they got down to the business at hand, their skill on the floor was evident. They made their usual number of "Fouls" and some of us thought the referee could have been a bit more objective! In spite of the dauntless efforts of the Varsity team and both Cheering Squads, the faculty added another victory to their undefeated record. After three valiant attempts, Mr. Piegari stood on a chair and sank the winning basket. This wasn't exactly cricket, but the boys conceded the victory rather than have the faculty unfavorably inclined next marking period. All in all, this night will be remembered by all who attended.

Well, I was thinking about joining Vic Tanny's.

That man has added spring to his step.

I wonder where the ball went?

Swimming Team

The Swimming Team, under the direction of Mr. Knobler, is composed of boys who spend many hours in training at Morris Avenue pool. This season, the team had a seven-six record. They placed fifth in the City Championship Meet and won the State Voc-Tech Conference Championship. The team loses only one graduating senior, Lance Casper; the remaining sophomores and juniors will be back next year.

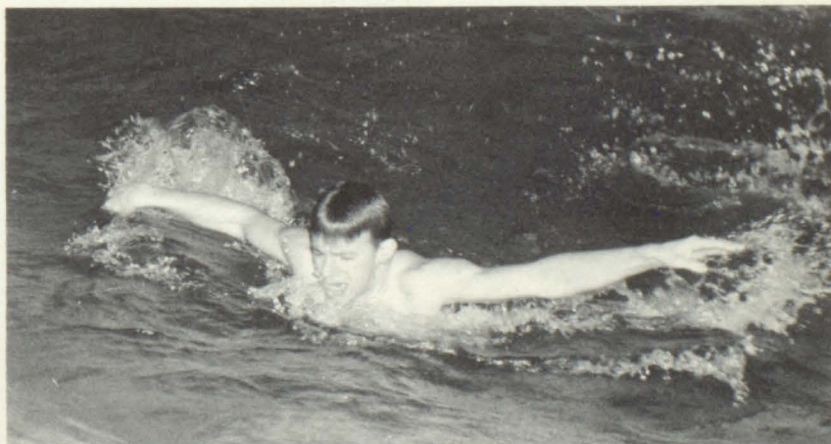

Terry Glynn dives in — "to win"!

Mr. Knobler gives some last minute instructions.

Reggie Jenkins, Vinnie Corrado, Terry Glynn and Vernon Edwards are all set for a free-style relay.

The butterfly stroke is demonstrated by Vernon Edwards.

"Oh! Oh! I'm going to fall."

Our Track Team has become a recognized and respected part of the City League. The team has not only defeated six far larger city schools during the season, but has also been a power in the State Tech League where the boys finished second. The total dual meet record was seven and two.

Among the Senior lettermen are Harvey Knox, a top scorer in the high jump, hurdles and broad jump, who will captain this year's team; Charles McMahan, a high jumper who has been a medal winner; Ray Bristol, Tom Lambright, Ben Johnson, who are middle distance men; Arlindo DeOlivero, who specialized in the mile run; Ken Mazey, who excels in pole vaulting. Our underclassmen include Robert Fuller, a fast man in the dashes; Spencer Robinson, a competent hurdler; John Iwanekko, an excellent pole vaulter; and Gary Seamen, the only Arts High track man ever to hold a Newark City record. He accomplished this last year when he pole vaulted 10'3½", to erase a record that was 16 years old. Among other faithful participants are Randolph Douglas, Tyrone Howell, Vincent Holmes, William Griffin, Leroy Nash, and Julius Taylor. With hard work, determination, and courage the boys look forward to this year's track season with a great deal of optimism.

"Help, Help, I'm stuck."

"Now how do I get down?"

Cheer Leaders

Applicants for a position on the Arts High Cheering Squad must have well-rounded personalities as well as gymnastic abilities. Teacher recommendations and average scholastic ability are mandatory for all applicants. Each spring, from the 50 or 60 girls who try-out approximately 10 are chosen to replace graduating seniors. Under the direction of Miss Abos, the squads' advisor, the girls start practicing in early fall. At these practices, every member does her part to make the team cheers as effective as possible. At the basketball games, the cheerleaders, following the example of their Co-captains Christine Cummings and Patricia Gaffga, boosted the morale of the players and spectators. However the cheerleaders' job does not end with the fourth quarter of a game, it goes on throughout the year as they try to instill a feeling of school pride among all the students.

VARSITY

Mr. Knobler, Swimming Team coach; Mr. Thomas, Track Team; Mr. Voller, Basketball Team; Mr. Steisel, Director of Varsity Club; Mr. Lang, Baseball Team.

Membership in the Varsity Club is open to all boys who have earned their Varsity letters through participation in the sports program which includes basketball, baseball, swimming, and track. Each of these teams has specific requirements which the boys must fulfill in order to receive their letters. Under the direction of Mr. Steisel, the Club sponsors two fund-raising activities during the year. The first is a Volleyball Game and Dance held after school. The second is the Faculty-Varsity Game and Dance, one of the most popular events on the social calendar at Arts. Later in the year, a Varsity Dinner is held for all members. The coaches, the cheerleaders, Dr. Seamster, Mrs. Geller, and various other members of the faculty are usually invited to attend. With Mr. Voller as toastmaster, the dinner has always been a tremendous success.
